1 This feature is not available in ACT! Premium for Web.

2 Requires Microsoft Excel and Word 2002, 2003, or 2007.

3 In ACT! Premium for Web, administrative functions must be performed on the Web server.

4 Requires additional purchase.

5 Delivered as an MSI package. Software to distribute an MSI package is not included. Silent Activation on machines requires Internet access. Users must be machine administrators in order to activate.

* Certified Consultants are third party vendors. Sage and its affiliates are in no way liable or responsible for claims made related to the services provided by third party vendors.

Important Note: Review ACT! system requirements at www.act.com/2010systreq. You must purchase one license of ACT! per user. Scalability varies based on hardware, size, and usage of your database. Check with your add-on product provider to determine compatibility.

Important Note for ACT! 6.0 or Prior Customers: Customer activation and registration are required to use ACT!. Certain features may have changed or are no longer available, including inbound caller ID functionality, WinFax integration, recording and playback of macros, e-mail/modem-based database synchronization, and SideACT!.

About ACT!
